CONFIDENTIALITY: (Please also refer to our HIPAA Notice of Privacy Practices for details on Confidentiality. This is readily available in our waiting room, by request, and a summary version is supplied to you at your first session) Ohio law requires that issues discussed during the course of therapy with a psychologist or counselor be confidential, meaning that information you reveal will not be discussed with others without your knowledge and consent. Your records will not be sent or shown to others (except for your insurance company) without a signed release from you.

However, you need to be aware of relatively unusual circumstances where there are exceptions to confidentiality. If you have been referred to this agency by the Court (Court Ordered), you can assume that the Court wishes to receive some type of report or evaluation. You should discuss with us exactly what information may be included in a report to the Court before you disclose any confidential material. In such instances, you have the right to tell us only what you want us to know.

If you are involved in litigation of any kind and inform the Court of the services that you received from us (making your mental health an issue before the Court), you may be waiving your right to keep your records confidential. You may wish to consult your attorney regarding such matters before you disclose that you have received treatment.

If we know, or strongly suspect that you are abusing or neglecting any child, elderly person, or mentally retarded person we are obligated by law to report this to the appropriate state agency. Also, if you tell us about a child whom you suspect is being abused or neglected we may be obligated to report the situation. The law is designed to protect children and other vulnerable persons from harm and the obligations to report suspected abuse or neglect are clear in this regard.

Also, the Ohio Revised Code (§2305.51) states mental health professionals have a **duty to warn** third parties if the mental health professional has knowledge of an explicit and real threat by their client of imminent and serious physical harm to clearly identifiable third party potential victims. To remain in compliance with this law the mental health professional may choose to notify an appropriate law enforcement agency and, if feasible, each potential victim.

Increasingly, we are finding that some insurance companies seek to justify treatment and require information from the therapist before they will pay for treatment. In such cases, your therapist will release the minimum amount of information in order to satisfy the insurance company under the terms of the **Health Insurance Portability and Accountability Act (HIPAA) of 1996. Please refer to our Notice of Privacy Standards for details.**

As part of obtaining health insurance benefits for your treatment at this office, your clinical records may have to be sent to a managed care company or other third-party payers. We will only release the information required by HIPAA as explained in our Notice of Privacy Practices document. These records may be sent by mail, or they may sometimes be sent by facsimile. In this case, we will make every effort to ensure that the information remains confidential but we cannot be held responsible for errors.

FEES: Fees are based on the amount of time involved. The fee for 50 minutes is \$200.00 for the initial session, and \$130.00 for each additional session. 90 minute sessions will be charged at a rate of \$190.00. This includes individual, marital, or family therapy; administering, scoring, analyzing, and reporting diagnostic tests, court testimony time*, consultations, travel time for "out of office services," emergency telephone calls lasting more than 15 minutes, and reviewing formal reports or records. You will be billed for all time spent with you or on your behalf. There is a \$60.00 fee for all missed sessions without 24 hour cancellation. There is an additional \$5.00 fee for all copays that are not paid at the time of service.

*Court-related custody evaluation services are billed at the rate of \$130.00 per hour for all services. Most often insurance will not reimburse for these services. It is the client's responsibility to investigate their insurance reimbursing for a court-ordered assessment. Do not assume insurance will reimburse for court ordered services!

RECORD REVIEW AND RECORD COPYING: You have the right to review and copy your clinical record. Record review will take place with a therapist going over the record with you. We will require up to 30 days to locate and produce a copy of the record for you. Charges associated with the copying of records is as follows: \$15.00 for the record search; \$1.00/page for the first 10 pages; \$0.50 per page from page 11 to 50; and \$0.20 per page for all pages over 50.

CANCELLATIONS AND MISSED APPOINTMENTS: If you find it necessary to cancel a scheduled appointment, a 24-hour notice in advance is required to avoid charges. A \$60.00 charge will apply if insufficient notice is given of cancellation. This charge cannot be submitted to your insurance company for payment.

PAYMENT FOR PROFESSIONAL SERVICES RENDERED: Payment at each visit is required. If you are expecting insurance to cover some of the fee, we ask that you pay your deductible and/ or co-payment at each visit. You will receive a billing statement from our office bimonthly, regardless of whether or not you have insurance coverage. Payment in full, of your portion of the bill, is expected within 15 days after receipt of a statement. Any questions about your account should be directed to our Elyria office. Delinquent accounts may be turned over to our collection agency.

INSURANCE: If you have health insurance, part of your therapy expenses may be covered. If you plan to use your health insurance coverage for reimbursement of our services, please be sure that we have the proper information. We will complete the doctor's statement section and submit the claim for you. It is important that you understand it is your responsibility to pay us. Disputes with your insurance company are between you and them.

OVERDUE ACCOUNTS: If more than 90 days lapse without payment, unless arrangements have been made, we reserve the right to turn the account over for collection to our attorney. **If your account is turned over for collection a fee equal to 30% of your bill will be applied to your account.**

ETHICS AND PROFESSIONAL STANDARDS: As therapists, we agree to abide by and uphold the most responsible ethical and professional standards possible. We accept responsibility for the consequences of our acts and make every effort to protect the welfare of those who seek our services and to ensure that our services are used appropriately.

If you are ever unhappy with our services here, it is especially important that you try your best to communicate with us the sources of your dissatisfaction. Some clients do this in writing if they feel unable to do so verbally. If we should not reach an agreeable solution and you need help finding additional or alternate assistance, we will do our best to help you locate a more suitable referral of therapy resource. Since therapists generally agree that it is not in the patient's best interest to be receiving similar services from another professional, should you wish to contract with another psychologist, psychiatrist, or counselor for services, it is important that you indicate your desire to make a change and your basic reasons for doing so. If you speak to the owner and supervising psychologist of Psychiatric and Psychologist, Diana Santantonio, she will be glad to hear the complaint and will do everything to resolve it. There is also a **Complaint Form** you can request and fill out to report a problem. We take complaints very seriously and will respond immediately to all formal complaints.

Sexual harassment of any kind will not be tolerated against clients or staff at this office. Should you ever experience any form of sexual harassment please contact the office HIPAA Privacy Officer, Mr. David Zachau, immediately.

CASE ASSIGNMENT AND PSYCHOLOGICAL SUPERVISION: Case assignment and supervision has been established to ensure that you are obtaining the highest quality of care we can offer. Upon your setting up an appointment, the psychologist, Diana Santantonio, assigns you to the most appropriate available therapist.

All psychological counseling and/ or testing requiring the supervision of a psychologist is then performed under the supervision of **Diana Santantonio**. If you see this name on your insurance claims or payment records, it is because of the supervision rules of your insurance company. Your therapist may discuss your case with the supervisor at a clinical staffing to assure the highest quality of care. Should you ever have any concerns or questions regarding your treatment at our practice, do not hesitate to ask your therapist.

STAFF: All unlicensed therapists, and some licensed therapists, in this office are directly supervised as required by Ohio law. Diana Santantonio and/ or an other licensed psychologist is the supervisor and will thus have access to your case file. You have the right to ask for an appointment with the supervisor at any time.

If you are being seen at one of our satellite offices (located in Lakewood & Westlake), please direct any questions to our main office in Elyria. In addition, please be sure to discuss your insurance benefits with one of the office staff, or your therapist, so that you are aware of your out of pocket expenses. This should be done at the very beginning of your therapy.

QUESTIONS: If, during the course of your therapy, you have any questions about the nature of your therapy (i.e., goals, procedures, etc.) or about fees, please ask. This issue is even more important on matters which you fear might be embarrassing to either yourself or us—you are encouraged to go ahead and bring such matters up for consideration since dealing with such matters is often an important part of your treatment.

PSYCHIATRIC COVERAGE: If you need a referral to a psychiatrist for medication or hospitalization we can refer you to a number of different psychiatrists in the area, or if you already have a psychiatrist, we will be glad to work with whomever you need to be seen by. If you prefer to work with your family physician, we will also be willing to consult with him or her.

24-HOUR EMERGENCY SERVICE: In the event of a crisis or emergency, you may call the office at (440) 323-5121. We have a 24-hour answering service if no one is in the office when you call.
